PROJECT PROFILE

STRATEGIC PLANNING CUMRU TOWNSHIP PENNSYLVANIA

- COMPREHENSIVE PLAN REVIEWS
- DEMOGRAPHIC & INDUSTRY ANALYSIS
- STAKEHOLDER VISIONING & FOCUS GROUPS
- PUBLIC OUTREACH PUBLIC MEETINGS
- STRATEGIC PLANNING IMPLEMENTATION

Cumru Township solicited strategic planning services via a Request for Proposals. Delta was selected to develop the township Strategic Plan. Delta's team synthesized their expertise in municipal finance, budgeting, capital planning, economic development, and organizational management to guide Cumru Township through the Strategic Management Planning Program. As part of this program Delta identified opportunities for cost containment and enhanced revenue streams while prioritizing capital investments that align with Township goals and are eligible for public funding.

By integrating financial planning and public funding with economic growth initiatives, **Delta provided actionable strategies for Cumru Township to stabilize finances, expand the tax base and strengthen local economies.**

In addition to completing the Township Strategic Plan, Delta continues to work with Cumru Township on the Plan Implementation.
